

## Wee expresses gratitude to Fajarbaru Builder Group

PETALING JAYA: Many from the corporate sector have taken the initiative to come forward to contribute whether financially or by other means in efforts to tackle the Covid-19 pandemic, says Transport Minister Datuk Seri Dr Wee Ka Siong.  
“They have all played a role in fulfilling their

corporate social responsibility, as well as showing love towards the country,” he said. In a Facebook posting, Dr Wee thanked Fajarbaru Builder Group executive director Datuk Seri Eric Kuan for donating medical protective gear to frontliners.

The Ayer Hitam MP said Kuan had donated RM250,000 worth of protective gear, including masks and personal protective equipment (PPE), to Transport Ministry and Health Ministry staff who are on the front lines.

“This is done to ensure they are well protected while carrying out their respective duties,” he said.

His post was accompanied by a picture of Kuan handing over the donations to Dr Wee.

“I am moved and pleased that (the company) has shown this act of love and care to one of the most affected groups during the pandemic, even though the operations and sales of the company are badly hit during the movement control order. “Thank you for your contribution, and I believe we can continue to work together to fight against this pandemic,” he said.
